Hogeschool

Voor

**Studenten**

# Wat is het probleem

Volledige nieuwe omgeving  
voor nieuwe studenten

Moeilijk om nieuwe  
connecties te maken

# Quest 100

Het “gamifying” van de eerste 100 dagen voor  
nieuwe studenten aan de KdG

# Hoe hebben wij dit opgelost

**Kudos**

**Gotcha**

**Evenementen**

**Awards**

**Avatars**

# Veiligheid voor Gebruikers

Makkelijke manier om in het platform events, award messages en chats te rapporteren voor het voor al de gebruikers vriendelijk te houden

# Een nieuwe uitdaging

Volledig nieuwe taal  
nieuwe structuur

Nieuw framework

# Grootste Uitdagingen

| Reserveringen tussen 7u en 8u zijn ter info en geven informatie over wat er die dag doorgaat. Je wordt niet om 7u verwacht op de campus. |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                           |
